

# Hep B Story

## Join us for the launch of the Hep B Story app!

When: Thursday 11 November, 3-4pm

Location: Menzies School of Health Research  
John Mathews Building Auditorium  
(Royal Darwin Hospital Campus)

The Hep B Story App is an in-language educational app, designed to improve hepatitis B related health literacy in community and healthcare providers across the NT. The app is currently live in Yolŋu matha and English and will be made available in languages including Arrernte, Warlpiri, Tiwi and more

Celebrate the launch of the Hep B Story app. With an opening address by the Hon. Natasha Fyles, we will launch additional languages of the app and our learnings about the process of creating a culturally safe, community-led health promotion tool in the NT.

All encouraged to join. Refreshments to be served. RSVP here: <http://tix.yt/hep-b>
